It's what YOU MAKE It

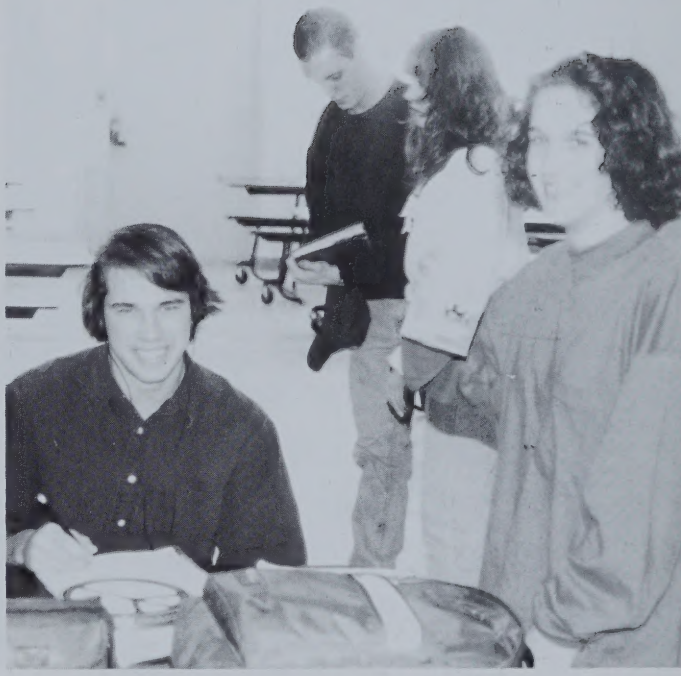
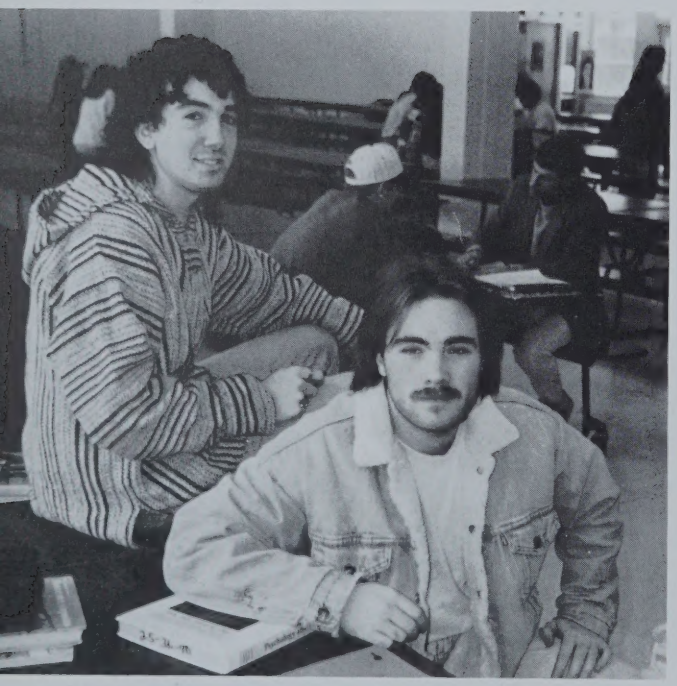
Tantasqua Regional High School
319 Brookfield Road
Fiskdale, MA 01518

It's what YOU MAKE It

Throughout the generations, high school has been referred to by many as the "best years of your life". During no other time will you learn so much or be so active than during these years of high school. It doesn't matter whether you are devoted to academics, athletics, school activities, a job, the social scene, individual pursuits, or a combination of all of these, they are what you make them.



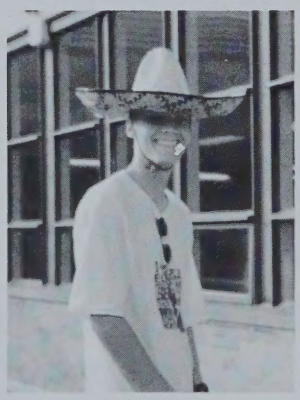


It's what YOU MAKE It

If you put your heart into everything that you do, all of the time, everything that you will have accomplished will be worth it. High School is a time of work, of fun, of friendship, of love, truly, it is what you make it. I hope that all that you have experienced has been what you have made it, and I hope that all that is to come will be great.

Good Luck,
Matthew Bove

S E N I



O R S

It's what YOU MAKE *It*

The seniors have realized exactly how to make life worth living in their final year here at Tantasqua. Whether it be goofing around in funny clothes, hanging out with your good friends or enjoying what Tantasqua has to offer, they understand that their senior year is what they make it.

Smiling for the camera, Eric Altomare is surrounded by friends, Erin Paquin and Libby McKinney.

In the midst of everyone, Steve Collins and Rachel Kolbe enjoy each other's company.

The Prom King and Queen, Ed Guevarez and Michele DeMiranda, and their court.

"It's So Hard to Say Goodbye"

This past year's prom was an evening of glitter and delight. The opportunity to get dressed up in sharp tuxedos and dazzling prom gowns overcame the students of Tantasqua.

"It's so Hard to Say Goodbye" was the theme of the 1992 Tantasqua prom; having taken place in Mechanics Hall in Worcester, the prom was an event to remember. From the D.J. who kept the music playing, to the fanatic, fast-paced dancing that went on all night long, the prom definitely lived up to the description of the most memorable part of high school life.

Towards the end of the evening, the King, Queen, Senior Court, and Junior Court were chosen so everyone could see the best dressed of the night. The Junior Court consisted of Matt McCue, Matt Bové, Courtney Boyd, and Melissa Langevin. Michael Cantwell, Abe Harraden, Lisa Menyhart, and Angela Scheer made up the Senior Court. All night long everyone had anticipated the announcement of the Prom King and Queen, Ed Guevarez and Michele DeMiranda.

Judged so or not, the night of the prom is a night when everyone can feel like a King or Queen. For some, the prom experience lasts only for a few hours, for some it lasts a lifetime.

Making an entrance, Eric Brodeur and Mark Trudeau, ascent the stairway, ready for an enjoyable evening.

Gary Russell and Jen Savage, smiling, anticipate the evening ahead.

Enjoying the "November Rain"

The 1992 Tantasqua High School Homecoming Dance was held on November 7, and as usual, it was a roaring success.

The turnout was incredible and all of the students were able to share in the spirit of the dance when the Homecoming King and Queen were announced. This year the reigning royalty was Dan Kay and Angie Settle. They lit up the floor as they danced together surrounded by their court, Matt Lebow, Mark Trudeau, Eric Brodeur, Lee Mantha, Noreen Cornoni, Megan Haggerty, Melissa Langevin, and Kim Olson.

The theme of this year's Homecoming dance was "November Rain" by Guns-n-Roses. This song brought the festive evening to a close as all the students who attended thought happily of the night that had passed so quickly. As they left, their smiles told of the fun that they had had that evening. And they couldn't help but to be anxious for the next mystical Homecoming Dance.

Matt Bové

The 1992 Homecoming Court with escorts (not pictured: Lee Mantha and Eric Brodeur).

Exchange student, Illka Pentikainen enjoys playing pool with his new American friends after the Homecoming.

The King and Queen, Dan Kay and Angie Settle.

The Queen Angie Settle, and her brother, Adam who was her escort at the game.

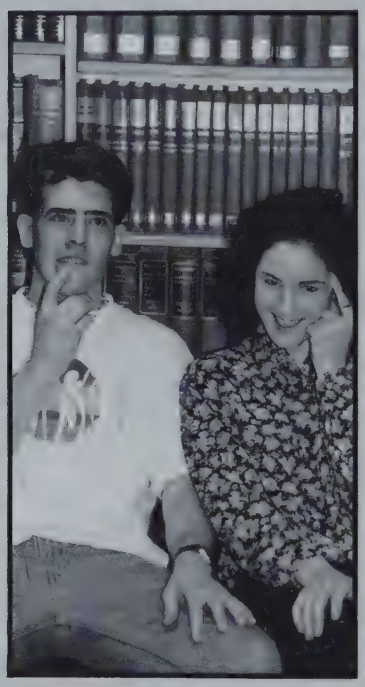
Angelica Nebbia and her date take a break from the dance floor.

Heading onto the field, Mark Trudeau and Melissa Langevin are about to take their places in the court.

Superlatives

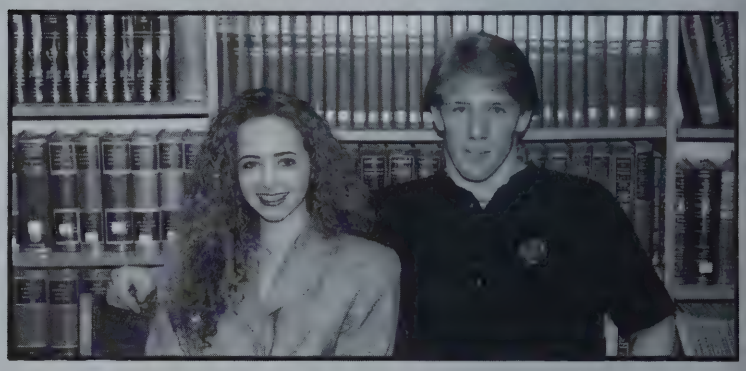
▼ **Most Likely to be Remembered:** Angie Settle and Dan Kay

▼ **Most Gullible:** Chris Deliso and Noreen Cornoni



▼ **Most Likely to be Seen on "Studs":** Angelica Nebbia and Lee Mantha

▼▼ **Most Dangerous to Pedestrians:** Gina Ciprari and Chris Thompson



▲ **Best Friends:** Gary Russell and Matt Lebow

▲ **Class Athletes:** Keith Szolusha and Elizabeth Monaco

▲▲ **Best Friends:** Carey Williams and Danielle Ortelli

▲ **Changed the Most:** Jesse Perreault and Sharron O'Day

▼ **Class Clowns:** Jamie Grant and Megan Haggerty

▼▼ **Most Likely to Succeed:** Jeremy Grisé and Maia Allred

▲ **Most Likely to be a Future U.S. President:** Jeremy Powers and Cariann Lyette

Most Likely to Host a Talk Show: Sean Rogers and Tracy Wentworth

▼ **Most Musical:** Jeff Chapdelaine and Erin Paquin

▲ **Most Likely to be Seen on "Jeopardy!":** Erik Parzych and Pam Gauthier

▼ **Class Couple:** Jen Lachappelle and D.J. Mastroianni

▲ **Class Artist:** Jolene Parrettie and Jody Donais

L I F E

It's what YOU MAKE *It*

Student life at Tantasqua plays a big role in creating lasting memories. Everyone takes part in student life whether it's by devotion to athletics, challenging your friends to a game, or just hanging around. All these memories are what *you* make them.

Bundled up and trying to stay warm, Cari Guyette and Elisabeth Monaco smile for the camera.

Intently watching and waiting, Ms. Duane is ready for a full day of sightings.

Getting in closer for a better look, Dan Kay forgets about the window.

A few of the many dolphins sighted on the trip.

Jen LaChapelle, Angie Settle, and Bryan Morse anticipate a day at sea.

A close up look at one of the dolphins.

Having a Whale of a Time

The sun was shining, the temperature was warm, and the water was glistening — all 45 of us were at the New England Aquarium ready to catch sight of some whales. The boat was headed 20 miles from Boston Harbor, to Stellwagen Bay. As we approached the area as our boat was surrounded by 20 North Atlantic dolphins, but this was only the beginning. We got a good show of a whale's fluke, which was then topped by a visit of 2 whales right next to the boat. By leaning over the railing, the massive dorsal fin would've knocked you out. When it was time to head back, everyone was disappointed but they changed that tune into a song. A team of Tantasquans led the boat in a sing-a-long to pass the time. Before we knew it, we were back in the big yellow bus, heading home. Even though we left, the visions of our adventure will always keep us in awe of those beautiful animals.

Cari Guyette

aughing and singing, these seniors are anxious o see as many whales and dolphins as possible.

After a long day on the water, Megan Haggerty finds it difficult to stay awake.

"Thinking a Little Differently"

Tantasqua's technology education classes are nothing if not unique. Here, the emphasis is not only on such "normal" academic pursuits, such as writing and presenting reports, but also on providing students with hands-on experience in building and testing their engineering creations.

This year, the annual egg drop contest produced only five students whose containers could safely bring an egg through a one story drop. The rubber band powered car, another annual favorite, also produced stiff competition and nearly broke the all-time record. With a bridge building contest in the works, it's sure to be an exciting year.

Jeremy Grisé

With a few last minute, kind words to his egg, Chris Thompson hopes it will pull through the fall from the catwalk.

Getting ready to show up the guys, Angelica Nebbia positions her car, hoping it will outdistance everyone else's.

Wondering whose creation will survive, the tech class is geared up for the drop.

Ken Aberle is the proud parent of a patriotic egg drop vehicle.

As the crucial moment approaches, Rob Perrone positions his car.

The impressed bystanders, Mr. Simanski and Mr. Labelle with the students' mentor, Mr. Errede.

Stressed Out!!

"I can't believe the yearbook expects me to write this! I have so much to do, I don't have time to do this, ugh!" — me. Sure, I'm just kidding about those last few lines, but stress at Tantasqua really can be a problem. As sophomores, we have to adjust to "high school life", different expectations, and harder classes. As juniors, we have to deal with more schoolwork, begin to choose colleges, and the Spring SAT. And it's especially hard for us seniors, who must cope with tedious applications, the all-time favorite — essays, and our very important grades. Not to mention everyone's involvement in sports, clubs, an after-school job, and a social life (which no one likes to sacrifice). Most of the time we handle everything alright, but every now and then things get out of hand, and we do go a little crazy. And teachers and parents wonder why we're so weird!!!

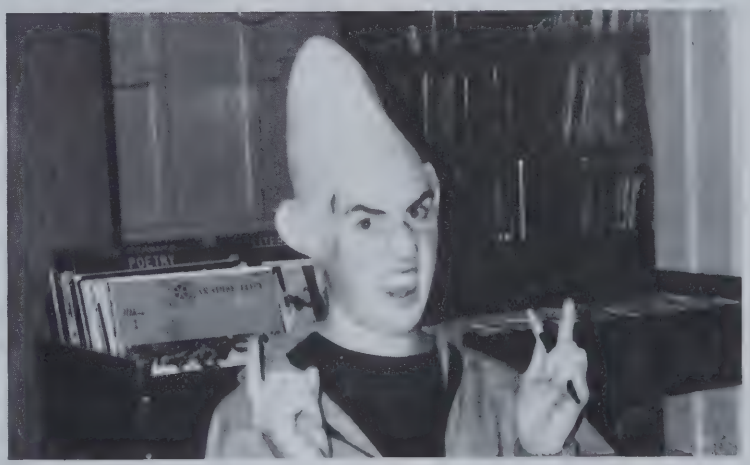
Pam Gauthier

▲Due to many anxieties, Jon Rea is disoriented from his surroundings and bumps into a photographer.

▶With the pressures of school, work, and college applications, Kim Hibbard feels as though her head might explode.

◀Trying to get some schoolwork done, Chris Deliso works diligently in the library.

As SAT time approaches, Maia
lred is beginning to get a little
ervous.



▲Stress affects us all in different ways.

▶ Lisa Staruk makes her day a little easier by blocking out Mr. Labelle's comments.

▲ Andrea Cochran and a friend make the best of a miserable situation.

◀ Jesse Perreault is mercilessly struck down by a speeding idiot. Run him over again; he's still smiling!

Are these really the best times of our lives?

We must spend over twelve years of our lives in an educational institution. It's within these years that we must learn and understand various subjects. But it's also a time to enjoy life to it's fullest. Whether the time is spent goofing around with friends, trying on new clothes, having a small digestive problem, or showing school spirit, they're the times to remember. Everyone says that high school years are the best years of our lives; it will be a great feeling to be able to say it and mean it.

Matthew Bove

◀ Kathy Johnson decides that there actually are some good times to be had, namely Ski Club.

▼ Loseahataphobia: fear of having your hat stolen on a bad hair day. Dan Kay shrieks in horror as his worst nightmare comes true.

▶ Our undercover agent infiltrates a car-stealing crime ring and catches Jason Bonneau in the act. Now where did he learn how to do this so well? Hmmmm.

▶▶ The dreaded third hand claims another victim. When Susie Wilson has a bad day, she really has a bad day.

UNDERC

ASSMEN

It's what YOU MAKE *It*

Our underclassmen years are exciting yet challenging ones. Starting out as sophomores in a new school presents it's own list of new experiences and dreams. As juniors we are faced with making decisions about what our future may hold after high school.

The Class of 1994

What does it mean to be a junior? Well it means that we're not at the bottom of the heap but we're still under the top. It means we can actually go to the library without a pass and we can talk during study halls.

Being a junior also means a lot more responsibilities. We have to start thinking seriously about life after high school. What this leads up to for many of us is the biggest decision we have to make so far — COLLEGE. Junior year is, academically, the most important to college scouts. They also look at our S.A.T. and Achievement scores. Some of us will take these terribly long stressful exams two or even three times. Our guidance counselors all year long have been trying to help us along in the search for a variety of schools.

Even if college after high school isn't in your plans, junior year is still your last full academic year and is probably the most difficult.

Along with many stressful things, the junior year has fun things to do such as the prom. Of course the best is looking forward to our senior year. Let's have a good one!

Dangerous Drivers

One of the many things to look forward to in high school is getting your driver's license. A license means freedom and it's the first taste of it we'll get before graduating and being on our own.

The process of getting a license is one which is so familiar with everyone. Counting down the days until your sixteenth birthday and then taking the test for a learner's permit and taking what seems like the never ending driver's education classes.

Of course then there is hounding your parents to let you drive to the store or even just down the street. As they sit in the passenger seat, you take the wheel. It seems like our parents are more nervous than we are. The classic sign is when they put their foot on the floor of the passenger side as if there was a brake on it. I bet they wish there was!

Finally when you've done more three-point turns than all mankind and driver's ed has taught you every rule of the road a person could ever know, comes the day to take the road test. Most people do just fine, while others are so nervous that they go through a stop sign or forget to put on a blinker. Whatever may happen, eventually you've got your license. It's all over and you've got a bit of freedom.

Was it all worth it? Definitely. Good luck to all the new drivers and to those future drivers as well.

Student Jobs

Most students find school life to have enough pressures with full class loads, activities, projects and homework and along with all of this, many have found the time to take on yet another commitment — an after school job. You will be able to see many Tantasquains hard at work at such local businesses as McDonalds, Friendly's, Burger King, and Maurice the Pantsman.

What motivates kids to juggle school and jobs? Basically, their pay checks at the end of the week. They finally are able to have their own spending money instead of relying on parents. Others need to save money for cars and college.

Along with money, after school jobs provide responsibility and experience for the future. A part time job also gives students a chance to be in a different type of social setting. For instance, a glance at McDonalds will reveal more than ten kids from T.H.S. on the payroll. On a single shift a group of friends may be working at the same time. A job can also force people to work together and adjust to difficult situations.

When asking a student to talk about what it's like to have a job, the student simply replied "Sorry but I don't have any time, I'm late for work!"

"Look Ma, I'm a Water Molecule"

The student started flailing her arms and wiggling her body. "Ma, I'm a water molecule, this is what I learned today in chemistry."

"'Gee, that's great," said her mother.

"Can you please write a note to Mrs. Carroll telling her I showed you what a water molecule looks like?"

"Sure."

"Thanks. Well I'm all done with my homework."

This is just one of the out of the ordinary assignments given to us by our Tantasqua teachers. Demonstrating a water molecule is a traditional homework assignment in Mrs. Carroll's chemistry class.

At times you might see students doing other weird things, such as carrying a sac of flour around for a week. The flour is supposed to represent a baby. This is also one of those traditional weird assignments given to psychology students by Mr. Castendyk. This particular task teaches what it's like to have such an incredible responsibility as a baby. Some students take the assignment very seriously and they even dress up their "baby".

Another out of the ordinary assignment given to psychology students is to experience something different for a week. During this week you might see students with blind folds on because they want to experience what it is like to be blind.

Our sometimes crazy teachers give these strange assignments to give us a break from the daily grind. Out-of-the-ordinary assignments are fun and enjoyable to do. So, the next time Mrs. Carroll asks you to go out and play at a playground, don't act surprised.

Sara Thibeault hits the road.

Homework or Homeroom Work?

You can hear the pens scribbling and necks snapping, as the studious teenagers dart quick looks at the clock. They have one mission: To finish their work by first block. One word can describe their activity — Procrastination. It is a hated word to many Tantasquans who prefer other explanations.

"I left my book in my locker yesterday."

"I did it, I just can't find it."

"Hey, did you do your homework? Can I borrow it?"

You can chose any room in any hallway and find at least one student busy at the next block's assignment. Still, don't let the others fool you. Even if they aren't at work in homeroom, they can be seen writing at lunch or in other classes. Everyone does their assignments one block before class. So far, the system has been working though, so "Good luck," to all of the famous Tantaquan procrastinators.

Mohawks and Elves:
Tantasquan Traditions

Mohawks, elfing, and green and gold day. What do these things have in common? They are just a few of Tantasqua's many school traditions. In the fall, you can see the football players in their jerseys every Friday. These shirts combined with the green and gold cheerleader uniforms show our school spirit. Also in the fall, we have the annual green and gold spirit day. Another football tradition is the Thanksgiving Day game against Shepard Hill. Many players show up to this game with their newly cut mohawks.

One of the next traditions of the school year is the Halloween meeting at Walker Pond and the egg fights between the junior and senior classes. Our Christmas tradition is to collect Santa letters from the elementary schools and then write letters back. Some students chose to pose as elves and visit the children to hand-deliver their letters. Another winter tradition is a more formal dress than usual for the members of the basketball team.

As the year wears into February, carnations and heart-shaped cookies are sold so that girlfriend and boyfriend may exchange them.

Some of our other school traditions are our spring musicals and plays, and the June concert and Memorial Day parade. You can see that our school year is full of Tantasqua's traditions.

Surrounded by books Roni Voloka is doing a little procrastinating.

Freshmen in the Vocational Department

The decision to enroll in the Tantasqua Vocational program begins when students are in eighth grade. These students have the opportunity to explore the department by means of shadowing. They receive hands-on experience in a field of their choice: carpentry, electrical, machine drafting, machine shop, welding, and metal fabrication. After trying out the department, the final decision is made.

At the beginning of the freshman year, while academic students remain at the junior high, vocational students venture to the senior high. Even though they are across the street, they still enjoy the same activities as other freshman, such as dances and field trips.

While studying their trade, the students have responsibilities in academic classes. More vocational students now are enrolled in classes with academic students.

There are many advantages to the program. Vocational division students gain on-the-job training, and they are given a smooth transition from high school into their field of work.

Vocational work is challenging and rewarding, and prepares the participating students for their lives after high school.

Mr. Emrich, Soccer Coach Extraordinaire!

Dedication: Mr. Emrich

Mr. Emrich has been teaching at Tantasqua since 1957. He has been in public school education for 39 years. Mr. Emrich attended Panzer College in New Jersey and Springfield College in Massachusetts. He graduated "With Praise." He served in the Marine Corps and took an active part in the Korean War. He continued his career in the Marines as a reservist retiring after 30 years at the rank of Colonel.

We think of "Bio Bill" as a Biology teacher, but long before that he taught in other areas, particularly physical education. He was our Athletic Director for 15 years. Known as the "Father of Soccer at Tantasqua," Mr. Emrich was our first coach for Boys, Girls and Junior High Soccer. Mr. Emrich brought Thanksgiving Football to our schedule. Coach Emrich was one of the key founders of our league, the Border Conference. In fact, he was it's first president. He put together it's first constitution and thought up the name "Border Conference" back in 1967. While Mr. Emrich has been involved in most of our sports, both male and female, he is remembered most for coaching baseball for twenty-seven consecutive years. In 1981 he and Tantasqua were honored by his election to the Massachusetts Baseball Coaches Association Hall of Fame. After baseball he coached our softball team for nine years.

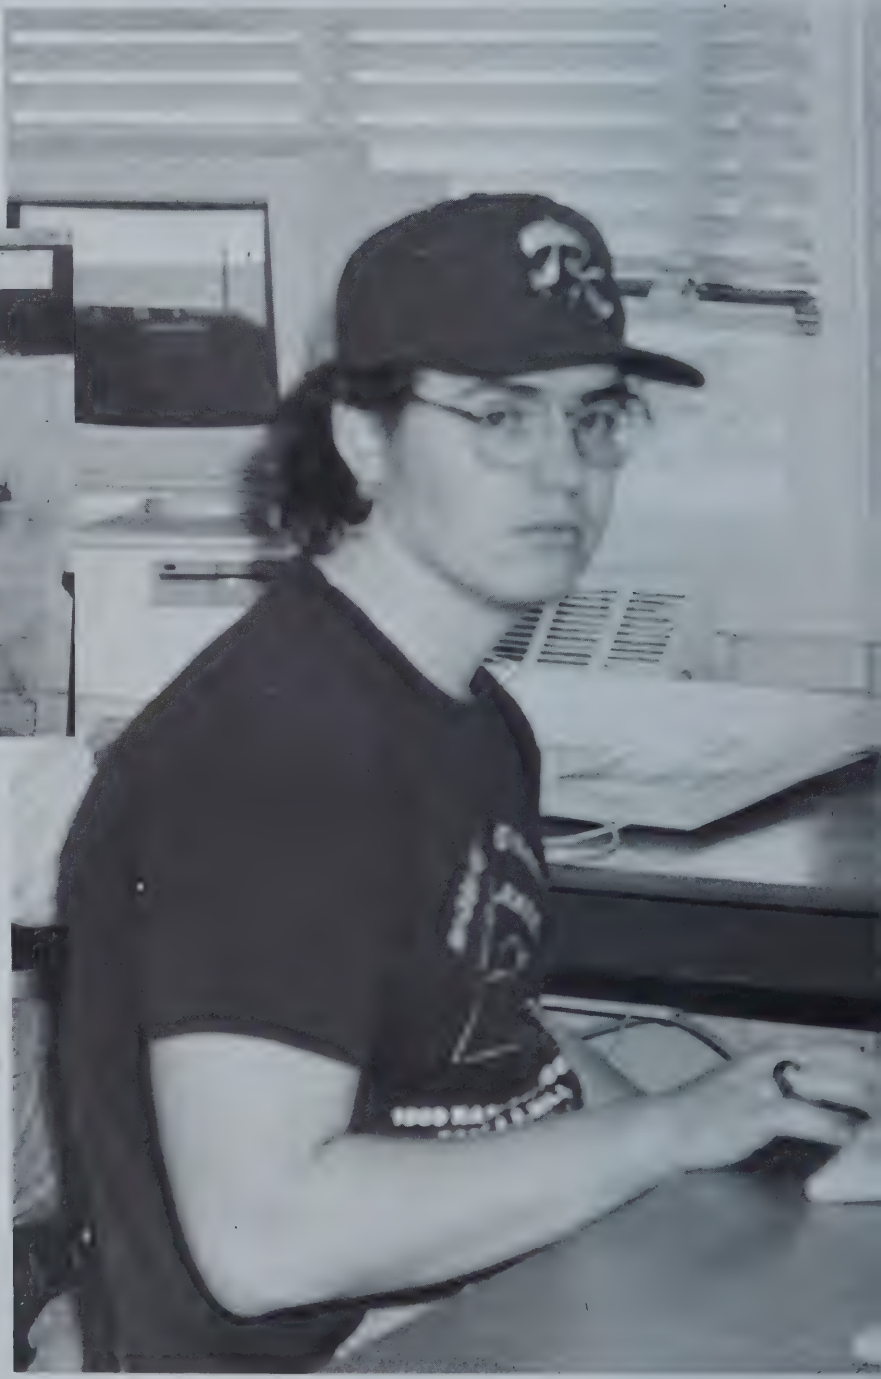
Mr. Emrich's work over the years has varied; teacher, athletic director, science coordinator, and student council advisor. His roots here are deep. His three children are Tantasqua graduates and were all active in athletics. His first granddaughter is about to enter the seventh grade and proudly wears a Tantasqua jacket. Mr. Emrich certainly has a solid record of achievements and "memories of many wonderful people and events." His love for Tantasqua is genuine and has been felt by every student who has passed through his classroom or has been a member of one of his teams. His winning style will be greatly missed. He may be joining the ranks of the retired, but he will always be a part of our Tantasqua Spirit.

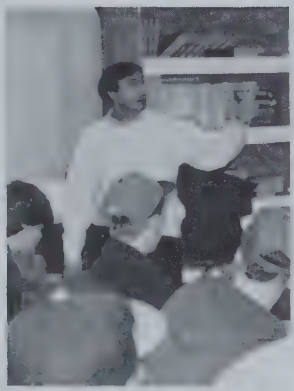
"A Few Good Men" aptly describes Bill Emrich, Marine, outstanding coach and teacher, wonderful human being, and good friend. Tantasqua has greatly benefited from his contribution. He is a classy gentleman who will not easily be replaced. My friend — you will not be forgotten.

— Mike Dube

A Beloved Baseball Coach!

TECHN





I C A L

It's what YOU MAKE *It*

Here at Tantasqua we have an excellent technical division. There are five different departments. Included are Carpentry, Electrical, Machine Drafting, Machine Shop, and Welding. Grades 9-12 are able to enroll. In these next few pages you will learn what makes our technical division unique.

Machine Drafting

The machine drafting program prepares students for entry level drafting positions in the manufacturing industry.

We are currently improving the program by upgrading hardware and software. The most recent acquisitions are two 486 GX IBM compatible computers and AutoCad release 12. By keeping up with industry we can better prepare students for entry into the drafting field.

The next four years will bring many improvements to the Machine Drafting program and Technical Education at Tantasqua Regional High School.

James Flanders concentrating on his work.

Chad St. Laurent waits for Mr. LaBelle to check his work.

The cameraman actually caught these two guys working.

One of the many intricate designs made up by a student.

Eric Quattrocelli shows off some CAD drawings.

Albert Calef studies hard for the test

Pipe bending is undoubtedly the most enjoyable lessons of the Electrical program.

With a smile senior, Jeff Boffoli, shows us one of the exercises done by electrical students.

Just one of the many machines used.

Are Mr. Braken and Dan Carr telling jokes or talking about a project.

Electrical

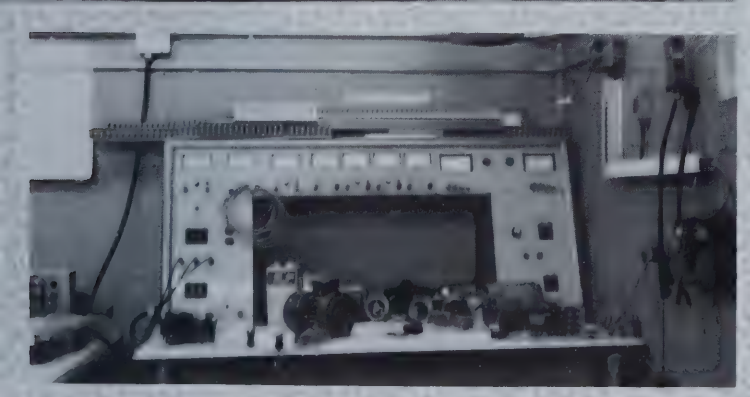
In the Electrical program at the Tantasqua Technical School, students are introduced to a multitude of wiring applications, from residential wiring to motor controls. Throughout the four years in "electric land", students spend alternate weeks in the shop and in the classroom. What they learn in the related class, they can bring into the shop and apply it in the shop to fully understand the operations.

A very important part of success in the student's sophomore and junior years is the house project. From personal experience, I feel the house project shows students what it takes to make it in the real world. When electrical students reach their senior year they are challenged by the motor lab.

After learning a great deal about motors, the students then base their senior project on the information that they have learned. They are graded on the difficulty and success of the task at hand.

I feel that the students have gotten and excellent education concerning the electrical trade thanks to Mr. Bracken, Mr. Conway, and Mr. Manseau.

Matt McCue



Jay don't cheat!!!!

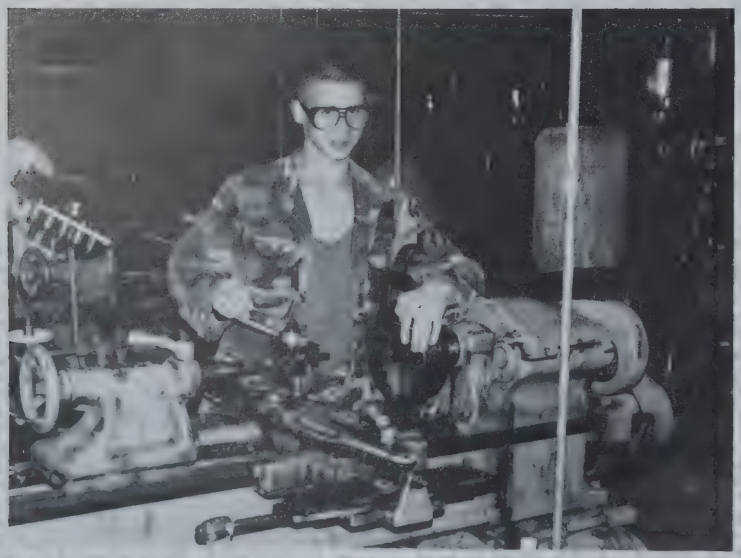
Machine

The question is why do you show up at school every day. One answer given by a machine shop junior will be included in this article.

Jeff Sanborn class of 1994 answered the question as follows. "I show up every day so I can get my education and make it big in life. The goals I have set are being met by the machine program. However, alot of my shop time is being compromised to make room for academic classes that I need in college. Not many "academic" students compromise much to be in their classes. I feel that I should not have to compromise one part of my education to get another part completed. I hope the new programs being developed will consider this as a large and in need of fixing problem. I do not want to be just another "Joe Shmoe" in a little machine shop I want to be big. I hope this school can make my dream a reality. The company of the Tantasqua machine shop is nice, we are all a good group of friends and this is a nice place to work. I enjoy learning more everyday in this atmosphere."

This is only one students view of the machine shop program. Most of the other students view of the machine shop program was close to what this student said.

Heather M. Walker



Terry Rose posing as a machinist

Working hard These guys are taking a break from their strenuous work

Nate Robbins looks over his work

Relaxing for a break for a few moments

Mike St. Clair and Dean Smith putting together a project

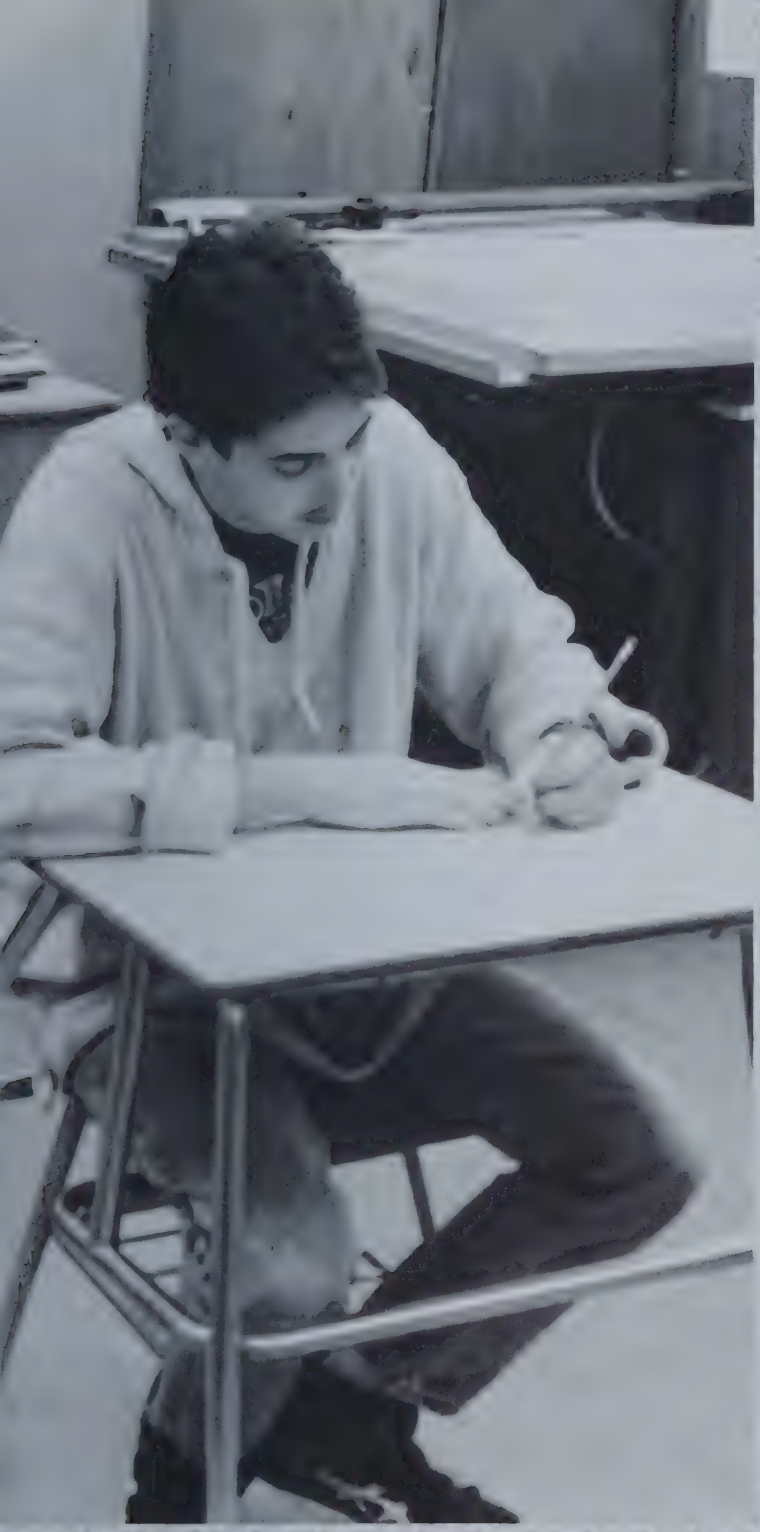
Jeremy Fernandes hard at work

Sophomore, Lori Saraiva, works hard and still keeps her hair perfect

With his eyes glued to who knows what, Duff Routhier takes his test

Senior, Keith Bissonette, wonders whether or not to sharpen his pencil again

Shane Amedy, Tony Aubin, Dan Mullen, Dustin Tallent, and Carl Huber



Carpentry

The ninth and tenth grade carpentry classes are busy building tool sheds. While doing this the students learn a great deal because they are built much like a house. We are preparing ourselves for the change which will be coming next year and looking forward to the new programs which will enable the students to be better prepared to make a choice in what direction they want to go regarding their careers.

Starting sometime in January 1993 the carpentry shop will be constructing the work stations called "modules" for the new exploratory program in Mr. Errede's classroom. In March 1993 we have yet another two car garage to build in Brimfield.

I look to the future with enthusiasm and much hope for our students.

Mr. Ludecke

Ed O'Keefe, Chris Lindsay, Tony Robitaille, John Oleski, Jared Collette, Lee Palmer, Lori Saraiva

Michael Cleveland cuts his project to length before welding it together

????????

Be careful not to weld that Coke can to your project!

"Greg go sit in the booth and I'll take your picture."

What good students, when they're not welding, they're studying.

Welding

The main goal of the welding department is to train young men and women for entry level positions in the welding and fabrication industry. The teacher also wants to promote and develop the physical, mental, social, emotional, and moral well being of it's participants in the trade area.

There is more to the welding shop than just shop and academics. Students also learn to get along with each other and work together. Emphasis is placed on good work habits and the value of hard work.

Mr. Lamothe also desires nothing but the best for his students, hoping that with all the training given to them, they may become useful citizens, excellent parents, and an accepted part of the workforce in today's society.

Make sure you wash your hands

S P O

It's what YOU MAKE *It*

Making the team at Tantasqua has always given sports players a feeling of pride and accomplishment. Whether seasons are filled with wins or with losses, friendships are always made and players learn the kind of individual responsibility necessary for a successful team. The Warriors' die hard fans, the excelling teams, and the athletes who reflect our school make us proud to be a part of Tantasqua's Athletic program. Way to go Warriors!

Cristin Heagney
Sports Editor

Dan Ryan has the advantage in making this play

District Playoffs			
Tantasqua	5	Monty Tech	1
Tantasqua	2	David Prouty	4

Dan Kay maneuvers around another player to find the open shot.

Keith Szolusha out-runs his opponent in order to take possession of the ball.

The team hears Coach Wilson's game plan as they rest after the first half.

VARSITY BOYS' SOCCER

The 1992 Warrior Boys' Soccer Team had one of the most successful seasons in a long time. Coached by Marc Wilson and led by team co-captains Dan Kay and Keith Szolusha — they made it to the quarter finals of the District E Tournament where they lost to David Prouty 4-2.

The team posted a 12-4-4 record overall and an 8-0-3 record in the Border Conference. Having 68 goals scored for us and 30 against us, Goalies Chris Thompson and Kevin Griswald combined for four shut-outs.

Their proudest moment of the season was beating Holy Name 2-1 at Holy Name, knocking them out of Districts.

Andy Dunn led the team in scoring and Dan Ryan was second. Andy had 13 goals and 9 assists where Dan had 15 goals and 5 assists. Both were selected Border Conference All-Stars as were Brendan Hennebery and Keith Szolusha.

Good Luck in the future to the Seniors that are leaving. Matt, Brendan,, Dan, Jay, Mike, Tom Nelson, Keith, Chris, Mark, and Tom Vacha. Good Luck to Andy Dunn and Dan Ryan as co-captains for next year.

BOYS' TEAM **Top Row (l to r)** Jesse Perrault, Chris Thompson, Matt Bove, Mike Landino, Mark Trudeau, Brendan Hennebury, Keith Szolshua, Tom Vacha, Jay Kopp, Dan Kay, Tom Nelson, Coach Wilson, Kevin Griswald, Barry Graves, Jeremy Supernaut, Eric Cooley, Tim Langevin, Steve Bouvier, Dave Kimball, Andy Dunn, Dan Ryan.

Brendan Hennebury tries to steal the ball before the goalie can touch it.

VARSITY GIRLS' SOCCER

The Varsity Girls Soccer Team may not have ended the season with a winning record (7-8-3) but they certainly had a season to remember. This season marked the first win (1-0) ever vs. Wachusett Regional High School. The winning goal was scored by Katelyn Haggerty. Tri-captains Megan Haggerty, Elizabeth Monaco and Noreen Comoni had difficulty leading their team with a long list of injuries. Despite the injuries the Warriors still played their hardest. A good example of this was Border Conference All-Star Jessica Kmieczak, who tied the record for the most goals scored during a season in the history of Tantasqua and in the Border Conference. Also with a high scoring record was Katelyn Haggerty who placed fourth in the Border Conference.

The record of the Girls Soccer Team does not reflect their attitudes or their high spirits during the 1993 season.

By: Gina Ciprari and Megan Haggerty

'92 GIRLS VARSITY TEAM Top (l-r): Stacey Fitzgibbons, Stacey Olson, Kelli Clayton, Tonya Kozkowski, Jessica Kmeczak, Gina Cipran, Charise Hart, Heather Bettilyon, Noreen Comoni, Megan Haggerty, Elizabeth Monaco, Mary Galonek, Coach Cuncan, Christie Desjardins, Nicole Perron, Suzy Wilson, Emma Sparrow, Katelyn Haggerty, Ronnie Valoka, Kim Kopp, Sheila Aslami, Rebecca Walgren.

Stacey Fitzgibbons chases the ball which is headed out of bounds.

Noreen Comoni, Jessica Kmieczak, and Liz Herman await the battle that lies ahead for them.

Suzy Wilson concentrates on trapping an oncoming ball.

Jessica Kmieczak and Katelyn Haggerty prepare to hustle when the ball hits the ground.

Don't let the other team get that ball Emma Sparrow!

Coach Duncan raises his fist in triumph after his player scores a goal.

Quarterback Eric Brodeur stands strong against Auburn.

Brian Johnson provides his own action while teammates pile up on the ball behind him.

Many long hard practices prepare the Warriors for their opponents. You guys look ready to take on any team that comes your way!

The football team warms up inside before taking on the field.

Football 1992

The Warrior Football team at Tantasqua was composed of many talented, committed players this season. Such athletes forced the green and the gold to dominate the field. There were first year players who were able to step in and play like true warriors. Brian Johnson, a freshmen player, not only played at the varsity level but was able to win a starting position. Veteran varsity players of three years were Vic Milani, Lee Mantha, Jason Curboy, Eric Brodeur, and Dave Dowd. Two of these enduring athletes, Lee Mantha and Vic Milani, were honored as Border conference all-stars. The team will be left with the places of six seniors to fill. John Richardson, Pat Benoit, Jason Curboy, Lee Mantha, Eric Brodeur, and Dave Dowd will be missed next year. The team worked hard through grueling heat and through freezing cold for their victories. They played their hearts and souls out. Warrior Pride!

Faithful fans brave the cold, rainy weather in order to cheer on the Warriors.

Team members support their team from the sidelines.

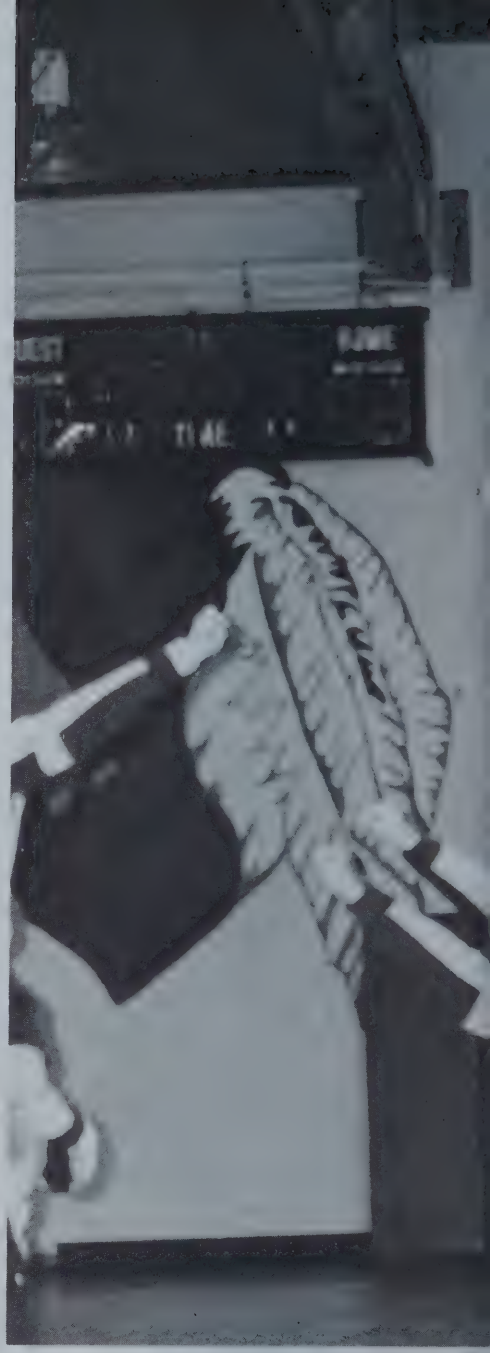
VARSITY CHEERLEADING

Many people don't think of cheerleading as a "real" sport, but cheering requires gymnastic and dance skills, stamina, strength, agility, fitness, personality, and the ability to keep the crowd's spirit up even if our team is losing.

During both football and basketball season, the building and mounting stunts we do take a tremendous amount of cooperation between squad members. This is because there is the risk of falling to the ground from over ten feet in the air. Trust between the climbers and the bases is also essential to perform with safety, accuracy, and excellence. Perhaps the most important element of being a cheerleader is dedication. Dedication to the squad, the team, the school, and the fans.

In March, our squad will be competing for the first time. Due to superb coaching and the special training clinics, we expect to do well and will definitely compete next year.

Being a cheerleader means working as a team for Tantasqua. Through rain, snow, and defeats, we can be seen at the games trying our hardest to keep the excitement and spirit up. Thank you to the players, fans and faculty for your support. Good luck to everyone in anything you try to achieve!



The Cheerleaders motivate the fans with their organized performance and with their smiles.

Fall Cheerleaders: Mrs. Long, Nikki Anctil, Mindy Nichols, Meagan Barry, Mandy Ashleigh, Monica Talbot, Erin Cummings, Deanna Frennete, Jessica Brown, Colleen Kasper, Shannon Gilrein, Melissa Paradis (capt.), Jamie Grant, Amber Weston (capt.), Sarah Bansak

Entertaining the crowd at half time, the squad displays their new routine.

Warrior Pride

The toughest game, the hardest fight, anything at all can get to be a challenge that you really enjoy when everybody is rooting for you and cheering you on. But when it seems as though everybody and everything is against you it takes guts to hang in there. It takes heart. It takes courage.

But if you want something, if you want to be somebody, you have to have it. You have to hang on. You have to come through.

That is the quality of courage.

Warrior girls rush to take possession of the loose ball.

Sports Editor, Cristin Heagney, takes a short nap after finishing the sports section.

Charlie Vaida takes to the court after the half time break.

Coaches watch over their scrimmaging players.

FIELD HOCKEY

We started this year fresh at the beginning of school by meeting new coaches, and learning new skills and new names. As the season progressed so did our skills, our team spirit, and our new friendships. Coach Robbins helped us improve every day. No matter who we played or what the score was there was always drive to do our best and apply what we had learned.

At the beginning of the season we were all individuals playing individual games, trying to be our own individual teams. If anything was learned at all it was how to work together, win together, and lose together — as a team!

Although this year's scoreboard wasn't the best to pass through Warrior history, it is not to be disregarded. We worked hard and improved greatly, this will really show next year. The only members that the team will lose next year will be senior Border Conference all-star Sharron O'Day and first time coach for THS, Jean Robbins. She taught the team well and held us together. She brought us a long way — Thank you!

Lindsay Brown, Brandy Booth, and Christine Campbell will be leading next year's team to a successful season. Best of luck to you!

By: Sharron O'Day

'93 VARSITY GIRLS (l to r): Mary Timmins, Lucy Coolong, Jaime Lachambre, Lacey Rodel, Beth Suse, Renee Fountain, Kate Anderson, Brandy Booth, Coach Robbins, Jenn Riley, Stephanie Mongeon, Lindsay Brown, Sharron O'Day, Jill Lamoureux, Christine Campbell, Shelby O'Day.

'93 JV VARSITY (l to r): Rachael Montross, Jen Bliss, Sherry Tetreault, Jenn Lavallee, Faye Meridith, Amy Lynch, Michelle Golinski, Monique Lomme, Julie Chiodetta, Amanda Lafleur, Ellen Perrault, (not pictured) Heather Phillips, Sarah Duda, Becky Flynn.

Christine Campbell launches a shot towards the goal.

Sharron O'Day darts fowards and tries to strike the loose ball.

Jill Lamoureux is able to find a clear path with the help of Christine Campbell's defense.

Stephanie Mongeon drives the ball down the field while Mary Timmins follows her from behind.

On your marks, get set, Go Warriors!

Aimee Langevin accelerates toward the finish line

Matt McCue runs his last stretch.

Chip True runs through the Reservation on a nice Fall day.

Jeremy Powers helps secure the team's win.

1992 CROSS COUNTRY

Tantasqua has much to be proud of with this year's girls cross-country team. With all of their hard work and dedication they were able to accomplish all of their goals on both the team and the individual levels. An undefeated 12-0 season was one of their accomplishments.

The boys finished fourth in the Border Conference, while the girls finished first, capturing the Border Conference Title. Selected as Border Conference All-Stars were Melissa Langevin, Aimee Langevin, Sara Corriveau, and Matt McCue.

At the District E Cross-Country Championship meet the girls finished fifth as a team. At Districts Aimee Langevin defended her title, Melissa Langevin finished third, and Kim Splaine finished 19th. The three of them qualified for the State Championship meet. At States Aimee finished third and Melissa finished 20th.

Aimee and Melissa Langevin both qualified for the Kinney Northeast Regional Cross-Country Championships, from which Aimee continued to go on to the nationals.

GIRLS TEAM Top (l to r): Christine Kozkowski, Sarah Corriveau, Erin Fitzgibbons, Jessica Hamerly, Sarah Bixby, Melissa Langevin, Aimee Langevin, Nicole St. Clair.

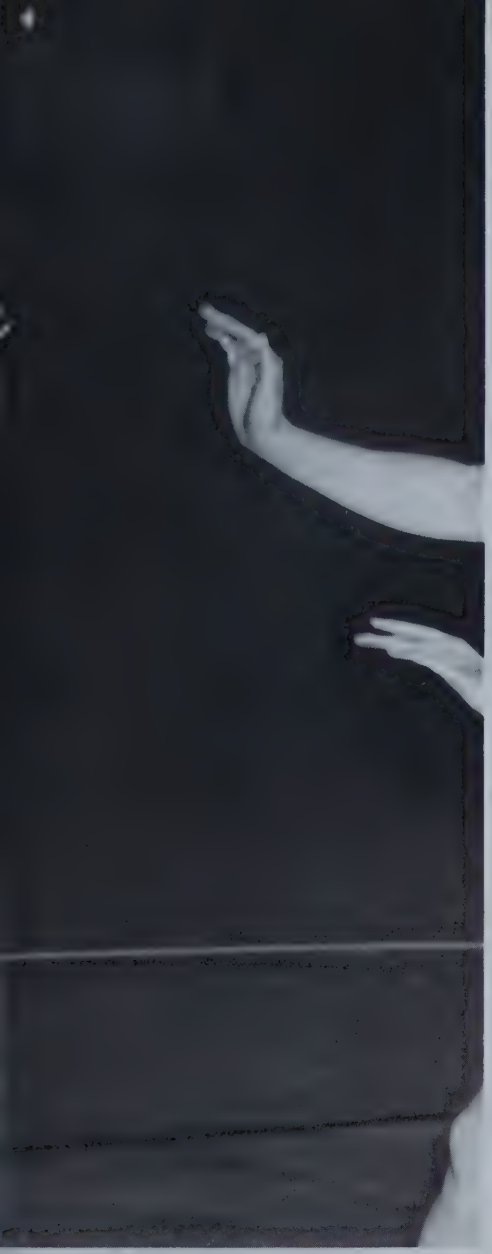
BOYS' TEAM Top (l to r): Chip True, Jeremy Powers, Coach Foley, Matt McCue, Paul Neslusan, Bob Keith.

Kelly Dessert makes the fake and maneuvers around the defense, Erin Fitzgibbons stay open for the pass.

Mindy Nicols outruns her opponents to the hoop and takes the shot, Monica Talbot follows her in.

J.V. player Tina Ward stirs up excitement amongst her teammates as well as the waiting varsity team as she runs the fast break.

Nicole Perron aggressively hustles down the court, she's not afraid of a few Southbridge players.



VARSITY GIRLS BASKETBALL

The Varsity girls basketball season consisted of all young players this season. Captain Kelly Dessert was the only senior remaining from past seasons. Kelly was a starter last year and held the same position as a forward this season. The other four starters, though there were junior players on the team, were freshmen and sophomores. The Warriors 7-10 record opened to them the opportunity to play in the Districts Tournament. This invite was turned down because of the team being so young. At the time, the team felt that the experience would not have been beneficial. The Warriors hope to have the same opportunity to play in district next year.

Coach Donna Potter replaced former coach Bill Emrich this year. The team liked her new ideas for game strategy. She started coaching at Tantasqua last fall when she led the field hockey team.

Captain Kelly Dessert was named as a Border Conference All-Star. To this day she averages 12.8 points a game and 14 rebounds. Kelly leads the team in everything counted (scoring, rebounds, etc.).

The team is presently playing in the Western Worcester County Basketball Tournament. With a win in the first game the team looks for a place in the finals.

'92-'93 Team: (l-r) Monica Talbot, Jennifer Simanski, Stephanie Mongeon, Mindy Nicols, Erin Fitzgibbons, Rebecca Walgren, Charice Hart, Katelyn Haggerty, Christine Campbell, Kelly Dessery, Roni Voloka, Nicole Peron.

The Warrior girls dominate the boards. Erin Fitzgibbons, Monica Talbot, and Mindy Nicols try to rip down the rebound.

VARSITY BOYS BASKETBALL

The Tantasqua Boys varsity basketball team fell upon hard times this 1992-1993 season. Even though at one point the team had lost eight games in a row, it was able to show its potential of being a very good team through various highlights of play. For the first time in school history a freshmen, Brian Johnson, was designated a starting position in games, this accomplishment was followed by many more.

The Warriors team defeated North High for the first time ever. The team was led by senior captain, Chris Thompson. Chris put down a dunk against Bartlett, a little extra entertainment for the fans. He led the team in scoring followed by junior Ryan Boone. Boone surprised many opposing teams, scoring 32 in a victory over North Brookfield. Other key contributors to the team were seniors Eric Broduer, Dan Kay, Mike Landino, and Keith Szolusha. Their presence will be sorely missed next season.

'92 Team (l to r): Coach Wilson, Tim Tunstall, Mario Williams, Ryan Boone, John Simanski, Dan Kay, Mike Landino, Chris Thompson, Eric Brodeur, Keith Szolusha, Jeremy Supernaut.

"Excuse me, pardon me, coming through," says Eric Cooley

Chris Thompson contemplates passing the ball off or slamming it home on his own.

Eric Brodeur frees himself up to receive the pass.

Mike Landino directs the ball over the rafter and to the backboard, he hits the shot without hitting the rim.

Keith Szolusha palms the ball as he decides what to do next.

J.V. BASKETBALL

The JV Boys had a 7/10 season this year. The team received a new coach, Mr. Mike Lucas, who had been the former North Brookfield Varsity Girls' Coach. The players worked well with the new coach. The team strongly felt the loss of freshman, Brian Johnson, to the varsity team. Brian had been a co-captain along side of Andy Dunn.

. . . While the JV game is winding down the Rebounds Rompus Room is just getting started. The Rompus Room was created in the '91-'92 season by two overzealous students who wished to create a home for the Warriors most vocal and dedicated fans, as well as a shrine in honor of the Warriors rebounding efforts. While the Rompus Room has grown in size and decibels this year, it has also toned down on it's old approach of moshing and "you die" chants after being suppressed by The Man.

When the bleachers beneath the Rebound Rompus Room sign are full, the Tantasqua gym is easily the loudest in the entire Border Conference. Over the last two years, the Rompus Room has built a repertoire of cheers for various stages of a game. When the Warriors are on defense the "sonic boom," a new tactic, is used. It employs a continuous wall of sound until the Warriors get the ball back. the traditional "defense" chant is also used along with the "defense, defense, defense" growl.

During the late stages of a game, the "give me a W" chant never fails to liven the already rabid crowd. When a sure victory is apparent, other cheers are employed, beginning with "It's all over" and "na na na na, hey, hey, goodbye" and climaxing with the "Tomahawk chop."

Girls Team: (l to r) Tara Murphy, Colleen Saneus, Jenn Kirby, Amy Lynch, Rene Fountain, Kim Spleen, Carie Peck, Tina Ward, Kristin Parcyk, Beth Suse.

Ben O'Connell bullets through three Pioneer defense men.

Amy Lynch passes the ball to her point guard to start a play.

The fierce game face of Kevin Griswald shows his desire to win this one.

Boys Team: (l to r) Coach Lucas, Kevin Griswald, Ben Furst, Charlie Vaida, Brian Campbell, Ryan Murawski, Mike Rialey, Dan Roscioli, Dave Kimball, Andy Dunn, Joe Lombardi, Ben O'Connell, Mark Kelly.

Melissa Langevin takes her famous second place finish.

Tri-captains, Matt O'Connell, Mark Buffone, and Chris Mongeon were prominent scorers for the Warriors.

Nicole St. Clair cools Matt McCue off during a hot afternoon race.

BOYS AND GIRLS TRACK

The Tantasqua 1992 Track Team had a very good season last spring. In the Border Conference the Boys Team finished second and the Girls Team finished third. Both teams had Border Conference All Stars, these were Chris Rasicot, Rob Brodeur, Mark Buffone, Matt O'Connell, Aimee and Melissa Langevin, and Sarah Corriveau. Melissa Langevin set a new Border Conference record in the 800 meters, and Aimee Langevin set a new Border Conference record in the two-mile.

This past track season also ended with new school records. Chris Mongeon set three of these. The Boys' Mile Relay Team also produced a new school record. Aimee Langevin set a new school record in the two-mile and Melissa Langevin set a new school record in the 800 meters. Chris Mongeon, Mark Buffone, Aimee Langevin, Melissa Langevin, Sarah Corriveau, and Diane Thibert all qualified for Districts. The placing of both Chris Mongeon and Melissa Langevin qualified them for the state meet.

VARSITY BASEBALL

The Tantasqua Varsity Baseball Team enjoyed a great season this year. The starting rotation of pitchers, Dylan Light, Chris Thompson, and Mike Landino threatened Warrior opponents. Ryan McAuliff held the lead in team batting averages. Tim Moynagh was selected to the Border Conference All-Star Team. The superb work of all teammates led to a respectable season. This year's young team anticipates even more victories in the 1993 season.

1992 VARSITY SOFTBALL

Varsity Girls Do It Again!

Who would have ever thought that they could win the Border Conference Championship Title, two years in a row?

The season did not look promising for the girls of Tantasquas Varsity Softball Team. Having lost their starting pitcher Cheryl Lindsay the year before, they were clueless as to who could possilby fill her spot, just as well.

They were off to a shaky start. But Coach Dube's continuous love and devotion to the team pushed the girls even harder to not let him down — and they didn't.

It was Capt. Nancy Dussault who helped lead the team, pitching it into its 2nd Border Conference Championship ever in THS history. Kelly Dessert also led the team with the top batting average (421), followed by Erin Maloon (417, with 32 RBI's). The 1992 Border Conference All-Stars were Nancy Dussault and Erin Mallon.

Everyone is now fired up for the coming of another successful season. They did it once, they did it twice — They'll certainly do it again!

'92 TEAM (l to r): Top — Nancy Dussault, Kelly Dessert, Erin Mallon, Courtney O'Malley, Michele Dubrey, Coach Dube, Lori Hoenig, Carolyn Knapton, Alison Anderson, Jen Lachapelle, Linsday Brown.

Kelly Dessert shows how batting practice makes perfect.

J.V. BATTERS

The 1992 Junior Varsity Warriors suffered through a rough 6 and 13 season. But, loaded with Freshmen, the team is ready to come back and have an excellent season in '93. Despite the horrible record, many players had excellent seasons. Erik Melhorn, class of '95, spent a week with the Varsity Squad. He appears to be headed for a full season with Coach Foley this year. Co-Captain, Danny "Smiley" Roscioli ('95) played excellent defense at third base, while hitting the ball very well at the plate. The other co-Captains, Joe Lombardi ('95) and Jim Carpenter ('94), showed excellent leadership while being irreplaceable on the field.

Matt Barth exhales before regaining play.

VARSITY TENNIS

This season marked the start of a new Girl's Tennis Team at Tantasqua. Although a few players remained from last year, many of the players that set out to take part in the Warrior Spirit did so for the first time. Along with the new players came a new coach — Mr. Mike Lucas.

Those who were willing to make the commitment of attending practices, who were willing to take the coach's advice, and who were willing to put their hearts into the game were greatly rewarded. Some players joined the team having never played before, and ended the season winning matches.

For a Tennis Team to win, it take sthe effort of the whole team: both in playing and in supporting teammates. Those who aspire to play better have fun in the process. Hopefully, you'll decide to take part in the Tennis Team's spirit.

WARRIOR ATHLETICS' BOOSTER CLIB

The Tantasqua Booster Club is an organization that raises money for the sports teams. Most of this money comes from memberships. The Club has done many fundraisers including the Walk-a-thon, the yardsale, the Fifty-Fifty Raffle, and refreshment sales at Basketball Games. Aside from fundraisers, they have given their hand at painting our lockerooms, giving them that "Golden Glow."

The money they raised last year went towards purchasing 100 new warm-up suits. The fall athletes are grateful to have a nice lined jacket to keep the water and rain away. Many families are involved in the Booster Club, all who joined by paying the twenty-dollar membership fee. Without the Booster Club the Athletics at THS would not be as strong or as warm.

From all the Athletes to all the Booster Club Members — We want to give you a big THANKS!!!!

By: Cariann Guyette

▶Lorraine Urbanski and Jason Burr flash attentive smiles at a recen Earth Society gathering after schoo

▲An arm, Chris Deliso, Lorraine Urbanski, Rachel Grimaldi, and Ian Reyes discuss serious issues at an Earth Society meeting.

EARTH SOCIETY

With the arrival of the socially and economically aware 1990's came a strong outlook on the environment. People across the world have expressed great concern for animal rights, pollution and recycling.

On April 22, 1990, Tantasqua's Earth Society helped out with the 20th anniversary of Earth Day. Recently, the group has adopted a whale, contributed to various organizations, such as "Greenpeace" and "The Rainforest Coalition". It is currently in the process of organizing a "Christmas Tree Recycling" program in each of the five towns. They have also continued to recycle paper within every classroom.

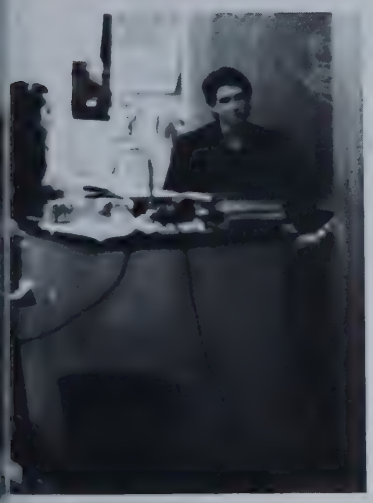
The group meets every Tuesday during both lunches and every Wednesday after school. Every meeting is thought-provoking and different. There are always new and creative ideas being bounced from member to member.

Tantasqua's Earth Society's goal is to have as many people involved in helping our environment as they can. It doesn't take much effort — it just takes a love for your surroundings.

This year's energetic officers are: Sarah Thibeault (President), Chris Deliso (Vice-President), Eileen Sullivan (Secretary), and Libby McKinney (Treasurer).

The problems which every person, and animal, on this planet have to face now, won't go away as fast as fads or trends do. They most likely won't ever go away. The time to stop, think, and do is right now — before it's really too late.

By, Lorraine Urbanski



◀"Excuse me, but interrupting an artist at work isn't very wise," says Tracy Messenger while coloring a sign for the Earth Society.

EARTH SOCIETY

CHORALEERS

Amidst the crowds of Tantasqua's halls, there is an elite group of people: the Choraleers. Consisting of 15 sophomores, juniors and seniors, the Choraleers are different from other music groups in the school for a few reasons. They must audition. From these auditions, Mr. Randall, known for his direction of the Choraleers, chooses the singers whom he thinks would be beneficial to the group.

Each year, the Choraleers go on a retreat, of which all members are sworn to secrecy of the happenings. During this retreat, the new members are initiated into the group. It is a special bonding period; the group becomes more like a family.

The Choraleers only sing madrigals, songs without instrumental accompaniment. These songs are challenging; without the guidance and direction of Mr. Randall, the group would be lost. "He really holds the group together" — Erin Paquin.

The Choraleers are hired to perform for local groups. Recently they performed at the Cohasse Country Club for the Rotary Club. They have performed at the Green Apple, in Sturbridge and also at the Public House for the Hospital Auxiliary club. This New Year's Eve, the group will travel to Worcester to perform at First Night.

This talented group consists of Sopranos — Marie Carpenter, Erin Paquin, Molly Burns, Liza Clay; Altos — Tracey Roymans, Kate Garvey, Abigail Miller, Kim Matheaus; Bass — Jeff Chapdelaine, Dan Kay, Jesse LaPiere, John Pierson; Tenor — Kim Hibbard, Jen Giroux, Tom Porter.

The talent at Tantasqua never ceases to amaze the students, faculty, and the community. This talented group shows that there is always potential for success.

THOMAS JEFFERSON FORUM

The Thomas Jefferson Forum is a scholastically oriented community service program that has been active in Tantasqua since 1990. The Forum is a state-wide program that Tantasqua had the honor of joining three years ago, and since then it has taken off in its efforts to promote the idea of community service to the students.

Headed by Mr. Peter McDonald, the Forum is active in finding projects for the students to partake in for the benefit of others. Whether it be assisting the teachers in an enrichment program at Holland Elementary School to tutoring after school at Brimfield Elementary to assisting the Rotary club give trolley rides around the area, the Forum attempts to get as involved as they can.

Consisting of a Board of Directors, made up of senior members, and a committee crew made up of junior and sophomore members, the Thomas Jefferson Forum has been very active in taking charge of community activities in the area. The Board of Directors decide upon the amount and weight of the activity taken on by the Forum, and the committee crew help to decide on who is able to donate time to help with the activity.

In the end, there is a bunch of very happy high school students, knowing that they have performed a service for those who need it, and a group of people who have benefited from this service. From the amount of reaction obtained from its short existence at Tantasqua, the Forum looks to have some very profitable upcoming years.

By, Matthew Bove

►Mr. Simanski proudly applauds the members of SADD for their work on the Chain of Life.

THOMAS JEFFERSON FORUM

November 21, 1974
Somewhere a little
Star twinkled...
Each day that little
Star grows brighter and
more radiant.
You will always
shine for us!
much love,
Mother, Daddy, &
Damian

Erin,

Something happened on the day of your birth; a bit of sunlight slipped to earth, and scattered it's rays on the days we'd know, and glazed each one with a gentle glow.

And all these years — in pleasure and strife — your light and your smile have graced my life.

And so, as you graduate, I celebrate too, for so much of my joy was born with you

Love Mom

Congratulations, Kim! We're all very proud of you.
There's so much ahead of you — to share, to experience, to enjoy.
All our love and support in whatever you do.
Mom, Dad, Kerri and Stacie

Danielle:
Each child is a gift, but the smiling eyes of a daughter fill our lives so completely that the treasure of the earth pale in their light. Here is the wonder of all that we are; here is our hope for all that we will be.

Love,
Mom & Dad

Congratulations Cariann (our "wings")

You have always made us so proud, you are a very "special" daughter. Never stop reaching for your dreams and believing in yourself. We're all going to miss you very much!

All our love & Best Wishes
for a wonderful Future
Mom, Dad, Cindy and Gram

Megan, always remember that education, experience, and memories are three things no one can take from you. Congratulations!
Love, Mom, Dad, Josh and Katie.

Jamie,
Congratulations! We are all so proud of you. Always do the best you can and be the best you can be, like #33. And remember, follow your dreams.
All our love,
Mom, Dad, Flan & Tim

Jennifer,

Raising a wonderful daughter has really been a joy! You are a beautiful, caring, sensitive, person who we are very proud of.

Congratulations and Love Always,
Dad, Mom, and Mike

Jamie,

You have really grown up since that little boy who used to climb and get into everything. We are very proud of you.

Love, Mom,
Dad, & Josh

Kelly-44, Don't ever change!! We love you!!

Dad and S Mom

The years of love & pride are endless Deena! Reach for your Dreams! All of the Love — Luck — & Happiness in the world!

Mommy & Gene
Tonya — Janna
& Dad

Aaron

You've made us proud.

Mom and Dad

Pam,

Congratulations! You have worked hard to get to this moment. May peace, Love, and happiness be with you always.

Love,
Mom & Dad

Betsy

We are so proud of you! All our love, Mom, Dad, & Scott!

Erik

The aim of education is the knowledge not of facts but of values.

Of you we are truly proud.

Love, Mom & Dad

I can't imagine anything more beautiful than my memories of our childhood...or anything more wonderful than seein the lovely woman you've become.

Congratulations
Love,

Mom

DAN,

NOW THE *REAL* FUN BEGINS! CONGRATULATIONS

LOVE,
MOM, MISSY & BILL

Carey,

You were so proud of yourself when you took your first steps many years ago. Today you should be proud of the path you have taken and the wonderful person that you have become. May you continue on the road toward your dreams.

We wish you happiness and success.

Love,

Mom, Dad, Cyndy, Beth and Laura

"Need a Tow?"

Just ask Jen Savage . . . She call Grampa 24 hours a day at:

Durgins Valley Garage
15 Valley ST.
Spencer, MA 01562
885-5180
24 hour Towing

Paula,

Setting your goals and having the determination to achieve them is an accomplishment. We have no doubt that whatever you wish to be in the future, you will be successful.

Congratulations! Love,
Dad, Mom, and Ronnie

Tracy,

Choose to chance the rapids and dare to dance the tides, go for your dreams.

Love,
Mom, Dad, & "The Girls"

Good Luck Tracey
Love,
Mom, Dad, Amy, Heather & Lindsay

Danielle
You make us very proud.
Love, Mom & Dad

Angelica Fawn Nebbia

May all your dreams come true and may your future bring you the same happiness you've brought us. You gave us advice when you were two, now let us give it back to you:

''Love yourself to protect yourself''

Love,

Mom, Dad, Aaron, Tafa, Katie, Sadie, Father

Shusha,

May you find enough pleasure in your work that it is not a job, but fun to do.

Love,

Mom and Dad

JENNIFER SAVAGE

Jennifer has spent a large percentage of her life learning to dance. She took her first dance steps at the age of two and a half and, since then, has spent most of her life pursuing a dream.

For the past six years Jennifer intensified her training and the ride to the Worcester dance studio became part of her daily life style. Her commitment, dedication and hard work have turned this young dancer into a mature, responsible adult. Her talents are extraordinary and are reflected in the high level of technique and performance she has worked so hard to attain.

Jennifer takes advanced, professional level classes in Jazz, Modern, Tap, Acrobatics and, her not so favorite, Classical Ballet.

Jennifer is a member of the Joan Sheary Dance Company and has been a gold medalist in numerous regional and national competitions. Jen's goal is to attend college and major in dance. She would someday like to become a famous choreographer and teach in New York City. From that point, some lucky auditions and a career in dance will follow.

What an experience this has been! Producing this yearbook has been one of the most difficult challenges I have yet encountered. The yearbook staff and I envisioned this yearbook as a lifetime memory for you, my fellow classmates. I hope that you can look through it's pages and recall all of the good times that we have had at Tantasqua.

I would like to recognize my entire staff; for they are the ones who have dedicated their time and energy for us. I would like to thank Cristin, Marie, Paula, Tracy, Lorraine, Jenna, Pam, and Dylan. You were all wonderful and thank you for working so hard to put this together. I would especially like to thank Danielle who not only helped with producing this yearbook, but who was there for me singing "Don't worry, be happy" through my stressed out spells. I would like to thank the underclassmen staff who also did a wonderful job; good luck next year. This book wouldn't have been possible without the guidance and support of Mr. Dube and Mr. Labelle.

I also have to thank my family who have put up with me and my monopolizing yearbook clutter for the past months. Cyndy, thank you so much for all the typing, cropping, and other time consuming jobs you did. Thank you for sticking by me until this thing was done.

I would also like to thank the countless other people who have written stories, taken pictures, and put together spreads. All of you have made this yearbook possible. As our theme says, "It's what you make it."
